Andi was born on the night of the biggest hurricane Florida has ever seen. Raised by "Pop", her master storyteller of a grandfather in their roadside shop full of mystical relics and oddities, her imagination is topped only by her devotion to family. When forces nefarious and natural combine to threaten that family, Andi must journey to the ends of the Earth – or at least into the dankest swamp in Florida – to save the day. This joyful story of imagination will inspire audiences of all ages and reminds us that home is more than where we keep our stuff.
